

ANTISEMITIC QUARREL IS REVIVED IN GERMANY

Issue Almost Dead Since Beginning of War Again Center of Newspaper Controversy.

LIBERAL PAPERS RESENT IT

They Hold That Jews Have Borne Share of War's Burdens and Are Doing Utmost for Fatherland in Military and Economic Sense.

BERLIN, December 23 (via London).—Anti-Semitism, an issue which has been almost dead since the beginning of the war, has been revived this week by the Tageszeitung and other newspapers. In consequence, a controversy which may be described as almost bitter has broken out between papers of the Tageszeitung stamp, on the one hand, and those like the Tageblatt, which adopt a liberal attitude in regard to the Jewish question, on the other.

The more liberal papers resent intensely every anti-Jewish movement, particularly as it is asserted German Jews have borne their share of the war's burdens liberally and are doing their utmost for the fatherland in both a military and an economic sense.

The present revival of the anti-Semitic movement began with a savage attack in the Tageszeitung against Eugen Dietrich, of Jena, who had accused "a Berlin morning newspaper"—inferentially, the Tageszeitung—of being anti-Jewish. The latter denied it was the newspaper attacked, and further roused Jewish feeling by putting the blame on still another Berlin journal.

The Tagesblatt entered the controversy, calling the Tageszeitung utterances "base defamation of German Jews, many of whom died for the fatherland after voluntarily joining the army—in which they were notably different from certain anti-Semitic nationalist typewriters who have not lived up to the war propaganda they preached for years."

Theodor Wolff, of the Tagesblatt, who is perhaps the most prominent editor of Germany, declares that, notwithstanding the recent revival of anti-Semitism, the feeling against Jews in Germany is gradually on the wane, existing nowhere to a great extent, except possibly among the minor nobility.

"I am glad to be able to say there is absolutely no anti-Jewish movement in government circles or in the high nobility," Mr. Wolff said. "The Jew now has equal rights in the army, and may become an officer along with a Christian. In virtually all strata the Jew is found intermingled with all others."

"It is only among the minor nobility that the Jew is still unwelcome, on account of the fact that he is able to outstrip his competitors, who are jealous of him. But do not forget there are notable exceptions in this class—fine examples of Germans who are too broad to be anti-Jewish or anti anything. A few German newspapers which represent this class of the minor nobility, such as the Tageszeitung and the Tagesblatt, are natural enemies of anti-Semitism, and their attitude is becoming less effective each month. I look for eventual liberty for Jews in Germany, such as exists in America to-day."

Puckett Is Acquitted.
Justice Crutched yesterday gave George Puckett, charged with robbing V. W. Puckett of \$23, a new trial and dismissed the case against him. Puckett wrote Justice Crutched that he had taken the money from him while he was under the influence of liquor to keep it for him. He said he did not think Puckett meant to deal the money and that he did not care to prosecute the case.

IMPERIAL FILM EXCHANGE SEEKS HEAVY DAMAGES
Demands \$750,000 for Ruination of Its Business by Alleged Moving-Picture Monopoly.

NEW YORK, December 23.—A suit demanding treble damages of \$250,000 under the Sherman antitrust law was filed in the United States District Court today by the Imperial Film Exchange, of New York, against ten leading manufacturers and lessors of motion picture films. The complainant alleges that the defendants conspired to ruin its business and accomplished their purpose.

The defendants are the General Film Company, the Vitaphone Company of America, the Pathé Freres, the Kalem Company, the Edison Manufacturing Company, the Resnais Film Manufacturing Company, the Lubin Manufacturing Company, the Selig Polyscope Company, George Kleine, Inc., and the Motion Picture Patents Company.

In its complaint, the Imperial Film Exchange states it was organized in 1908, and that in April, 1909, it was the owner of 1,000 different moving picture films, had more than 100 weekly customers in New York and other States, and made a profit of \$50,000 per annum from the rental of films.

In April, 1910, the complainant avers, the General Film Company was formed by the nine other defendants as a moving picture exchange for the alleged purpose of monopolizing the sale and distribution of films in the United States.

The same month, it is charged, the Kalem and Lubin Companies made a petition in voluntary bankruptcy against the Imperial Film Exchange, making it in the hands of a temporary receiver. When the receiver turned the Imperial Exchange was solvent, two months later, the plaintiff declares, its business had shrunk to twenty customers, its weekly income had dwindled to \$250, and its business was mostly in the hands of the General Film Company. The complainant seeks damages of \$250,000, and in accordance

BUYS ALL COPPER

Boston Report Is That England Takes Bulk of 200,000 Pounds of Metal.
[Special to The Times-Dispatch.]
BOSTON, Mass., December 23.—The Boston News Bureau says that about 200,000 pounds of copper was sold to-day—more than in any previous twenty-four hours in the world's history. Its gross value exceeds \$10,000,000, as the price was 20 cents per pound, or better. The British government bought 134,000 pounds, in one block, from the Anaconda Company. This metal will be apportioned among producers, mainly clients of the American Smelting and Refining Company. The market has now been swept bare of spot copper.

ROBBERY AT LYNDBURST

Thieves Get Jewelry From Home of Mrs. Shepard's Superintendant.
TARRYTOWN, N. Y., December 23.—The home of William E. Russell, superintendant of Lyndburst, the country seat of Mrs. Finley J. Shepard, was entered by burglars yesterday and robbed of jewelry valued at \$300. The home is only a few hundred feet from Mrs. Shepard's mansion. The robbery was kept secret until this afternoon. A number of watches, brooches and Mrs. Russell's wedding ring were stolen.

Is Alcohol After YOUR Job?
HOW long is your employer going to put up with the poor work that results from drink-affected mind and body? He may do it for a while—out of pity for your wife and little ones dependent on you. But the day is coming when he will put up with it no longer—and then you're out of a job. Then you'll soon find that nobody wants a drinking man.

The Keeley Institute, at Greensboro, N. C., treats the drink addiction as a disease, which it is, and cures it in four weeks. And more—there is a fellowship, a personality behind the treatment that gives a needed helping hand and makes the patient fit to take his proper place in the world.

Here is a letter from one of the thousands who have been helped at Greensboro:
"I have not tasted whiskey since I went to your Institute, and have no desire whatever for it. I cannot say too much for the treatment; during the past winter I have been able to attend to my business as never before."

DATES ARE ANNOUNCED FOR ANNUAL INSPECTION

United States Army Officers to Review Various Branches of State Militia.

THREE COMPANIES BELOW PAR

Those Failing to Meet Requirements of War Department Will Be Mustered Out and New Commands Will Be Formed in Their Places.

Those companies that failed to measure up to the required standard at the annual inspection of Assistant Inspector General Jo Labe Stern will soon be given another opportunity to make good. Adjutant-General Sale said yesterday that dates for reinspection have not been fixed yet, but are under consideration, and will be decided upon as soon as possible.

Many of the companies below the minimum of strength at the time of the annual inspection have since recruited to the required standard. Those will not have to undergo a second inspection. Out of the forty companies organized in the State, General Sale thinks not more than three will fail to measure up to every requirement of the War Department. Other companies, for which there is no place now, are waiting to take their places.

General Sale announced yesterday the following dates for the annual United States Army inspection to be conducted by Captain A. M. Shipp: January 3, battalion field officers, assistant inspector small army practice, headquarters company and supply company, Richmond Light Infantry Blues Battalion, Richmond; January 4, Companies A and B, Light Infantry Blues Battalion, Richmond; January 5, Companies C and D, Light Infantry Blues Battalion, Richmond; January 6, Companies A and B, First Infantry, Richmond; January 7, Companies C and E, First Infantry, Richmond; January 10, headquarters property, First Battalion, First Infantry, Richmond; January 11, Company H, Fourth Infantry, Highland Springs; January 12, Company G, Second Infantry, Petersburg; February 1, Company D, First Infantry, Charlottesville; February 2, Company I, First Infantry, Staunton; February 3, Company K, First Infantry, Staunton; February 4, regimental and battalion field officers, chaplain and assistant inspector small arms practice, headquarters company and supply company, First Infantry, Staunton; February 5, Company H, First Infantry, Covington; February 8, Company E, First Infantry, Lynchburg; February 9, Company F, Second Infantry, Roanoke; February 10, Company M, Second Infantry, Radford; February 11, Company L, Second Infantry, Pulaski; February 14, Company H, Second Infantry, Big Stone Gap; February 15, Company A, Second Infantry, Farmville; February 15, Company E, Second Infantry, Chase City; February 25, Company M, First Infantry, Danville; February 29, Company M, Fourth Infantry, Emporia; March 1, headquarters First Battalion, Company I, Fourth Infantry, Franklin; March 2, Company F, Fourth Infantry, Suffolk; March 3, regimental and battalion field officers, chaplain, assistant inspector small arms practice, headquarters company and supply company, Fourth Infantry, Norfolk; March 6, Companies A and B, Fourth Infantry, Norfolk; March 7, Companies D and E, Fourth Infantry, Norfolk; March 8, Company G, Fourth Infantry, Norfolk; March 9, Companies K and L, Fourth Infantry, Portsmouth; March 10, brigade adjutant's office, paymaster-general's office, and judge advocate's office, Norfolk; March 13, Company C, Fourth

Infantry, Newport News; March 14, state target range and storehouse, Virginia Beach; March 16, State arsenal, Richmond; March 17, State store room, Library Building, Richmond; March 18, State store room, Franklin Street, Richmond; March 20, State headquarters, adjutant-general's office, inspector-general's office and quartermaster-general's office, Richmond. For the following commands the inspection officer has not been named: January 12, Company L, First Infantry, Fredericksburg; January 13, Company G, First Infantry, Alexandria; January 17, Company I, Second Infantry, Winchester; January 18, Company K, Second Infantry, Strasburg; January 19, regimental and battalion field officers, chaplain and assistant inspector small arms practice, headquarters company and supply company, Second Infantry, Luray.

Type Company, Signal Corps, stationed at Richmond, will be inspected by First Lieutenant Brockman, of the United States Army, March 6. Headquarters and Battery A, Field Artillery, Richmond, will be inspected by Inspector-Instructor Chutfield on February 8, 9 and 10.

Colonel Edward T. Lyons, of Hartford, Conn., for many years prominent in the State politics of the Nutmeg State, arrived here yesterday with his nephew, Edward T. Lyons, and they are stopping at Murphy's until this afternoon, when they will leave for Washington.

"I have so many good friends in Richmond," said Colonel Lyons, "that I am sorry you have discovered us here. I am under many social obligations in this city. I have accompanied the Governor's Foot Guard, of Hartford, to Richmond several times in recent years when we were exchanging visits with your military companies. I have omitted making calls because I have my nephew, who is yet an invalid, in charge. Mr. Lyons, who you will observe, has my identical name, fell from the roof of a three-story building in Hartford five months ago. The doctors gave him up for dead. But he proved to be a problem with which medical science is still contending. I should like to meet the friends of the nature of the mission that brings me to Richmond at this time."

Colonel Lyons, who was a member of the staff of former Governor Baldwin, of Connecticut, and who is a staunch Democrat, yesterday forwarded to Governor M. E. Helcom, of the Nutmeg State, a handsome floral tribute of seasonal blossoms, inscribing thereon, "This is what good old Virginia, an original Democratic State, produces in December."

Colonel Lyons and his nephew have been on a tour of the Southern cities for the last three weeks, stopping just a day or two in each place. "We have cut out sport," he said, "beyond the hour we spent at the Country Club here, and a few hours of excitement that were thrust upon us at Norfolk, we have been living the simple life."

Greetings!

THE Chesapeake and Potomac Telephone Company extends its greetings. May you be truly happy in this time of general rejoicing. May you go about spreading good will among your neighbors and thus gain the full spirit of the holiday. May laughter, kindness and forgiveness fill your hearts.

Merry Christmas and a Happy New Year to you all.

Will You Write a Letter Like This?
I wish that I knew which one of the thousands of letters I receive would have the most weight with you, my friend. I can't quote all of them here, but I am going to ask you to read these carefully and then give me a chance to renew your heart and make you write me one very much like them:
701 Barnard Street, Savannah, Ga., Dec. 28, 1910.
Mr. N. F. Shivar, Shelton, S. C.
Dear Sir: As you are aware, in 1909 I was suffering with indigestion, stomach and liver disorders and all its train of horrible phenomena for several months. I had a very insufficient diet for an active working man, and, of course, from disease and your vitality and your Mineral Water, I derived ten gallons of your Mineral Water, which I used continuously, restoring with me some pounds, was strong and perfectly well. It was a general relief, and perfectly necessary. I preserve it in my practice, and it has been very successful in the treatment of many cases. I have used it in large quantities as possible, for its such proportion that they will not disturb such most delicate system. It is purely Nature's remedy.
A. L. R. AVANT, M. D.
Leeds, S. C., March 2, 1911.
I have tested your Spring Water in several cases of rheumatism, chronic indigestion, kidney and bladder troubles, and in nervous and sick in each case, and I believe that if used continuously for a reasonable time it will produce a permanent cure. I will be glad to have you send me a sample of the action of the liver, kidneys and bladder, adding them in throwing off all poisonous matter.
These are not selected cases, nor are the results unusual. I receive thousands like them from physicians, ministers, lawyers, merchants, farmers, manufacturers and every conceivable profession. I want the satisfaction of receiving such a letter from you. No matter what your complaint may be, dyspepsia, indigestion, nervous headache, rheumatism, gall stones, kidney or liver disease, or any chronic ailment that has not responded to drugs, I invite you to match your faith in the Spring against my pocketbook. If the water fails to benefit you, simply say so, return of the empty demijohns and I will promptly and willingly refund your money—every cent. Sign below: Shivar Spring.
Box 70 B, Shelton, S. C.
Gentlemen:
I accept your guarantee offer and enclose herewith two dollars for ten gallons of Shivar Mineral Water. I agree to give it a fair trial, in accordance with instructions contained in booklet you will send, and if it fails to benefit me, you agree to refund the price in full upon receipt of the two empty demijohns, which I agree to return promptly.

Will You Write a Letter Like This?
I wish that I knew which one of the thousands of letters I receive would have the most weight with you, my friend. I can't quote all of them here, but I am going to ask you to read these carefully and then give me a chance to renew your heart and make you write me one very much like them:
701 Barnard Street, Savannah, Ga., Dec. 28, 1910.
Mr. N. F. Shivar, Shelton, S. C.
Dear Sir: As you are aware, in 1909 I was suffering with indigestion, stomach and liver disorders and all its train of horrible phenomena for several months. I had a very insufficient diet for an active working man, and, of course, from disease and your vitality and your Mineral Water, I derived ten gallons of your Mineral Water, which I used continuously, restoring with me some pounds, was strong and perfectly well. It was a general relief, and perfectly necessary. I preserve it in my practice, and it has been very successful in the treatment of many cases. I have used it in large quantities as possible, for its such proportion that they will not disturb such most delicate system. It is purely Nature's remedy.
A. L. R. AVANT, M. D.
Leeds, S. C., March 2, 1911.
I have tested your Spring Water in several cases of rheumatism, chronic indigestion, kidney and bladder troubles, and in nervous and sick in each case, and I believe that if used continuously for a reasonable time it will produce a permanent cure. I will be glad to have you send me a sample of the action of the liver, kidneys and bladder, adding them in throwing off all poisonous matter.
These are not selected cases, nor are the results unusual. I receive thousands like them from physicians, ministers, lawyers, merchants, farmers, manufacturers and every conceivable profession. I want the satisfaction of receiving such a letter from you. No matter what your complaint may be, dyspepsia, indigestion, nervous headache, rheumatism, gall stones, kidney or liver disease, or any chronic ailment that has not responded to drugs, I invite you to match your faith in the Spring against my pocketbook. If the water fails to benefit you, simply say so, return of the empty demijohns and I will promptly and willingly refund your money—every cent. Sign below: Shivar Spring.
